Fabric suggestions:

Cotton, organdy, batiste, voile, linen, pima, woolen, flannel, silk.

Sash: cotton, silk, taffeta, velvet, ribbon.

Lining: I recommend 100% cotton for comfort and durability.

Trim suggestions:

Lace insertion, entredeaux, lace edging, eyelet, ribbon embroidery.

Notions:

Thread, eight to twelve 3/8" buttons.

Notes:

- * With 60" wide fabric, you can cut skirt front and back for sizes 1-4 from a single width of fabric by folding each selvedge to the center, giving you 30" of material on either side, each with a fold for the center front/back.

Measure the individual child prior to purchasing materials. Skirt length will vary, because children who are the same "size" can differ in height (see instructions).

1/2" seam allowance on all seams.

See www.sensibility.com/pattern/girls1914help.htm for instructions with photo illustrations.
